### Insurance

The Organizers have in force Employers' & Public Liability Insurance in respect of their liability to their employees for death or injury and in respect of injury to third parties or damage to third party property. In the event of an incident which may give rise to a claim you should immediately contact the Organizers' representative on site to report the matter who will provide you with the relevant documentation for you to complete. You must co-operate with the Organizer in

## PART 1. Information

Any such claim and provide any information that they may request. Exhibitors are responsible for arranging any other insurance, such as cover for loss of expenses caused by cancellation/abandonment and loss of or damage to exhibits and other items, through their own or insurance brokers.

### Fire safety rules

Exhibitors and Contractors are required to comply with the Fire Safety Rules, the provisions of Federal Law No. 69-FZ of December 21, 1994 "On Fire Safety", Federal Law No. 123 FZ, dated July 22, 2008, "Technical Regulations on Fire Safety Requirements" and bear full responsibility for their violation in accordance with current legislation of the Russian Federation.

### Catering and tasting show on the booth

Cooking and holding tasting sessions at exhibition stands must be agreed with the organizer and must comply with the following requirements:

1. Cooking must only be done using electric ovens.
2. The stand must be fitted with a professional extractor hood with a filter to neutralize odors.
3. Open flames, and creating smoke or strong odors are prohibited.
4. The exhibitor must comply with the Fire Safety Regulations. Any deviation from these rules must be accompanied by written permission from the "Ministry of Emergency Situations of the Russian Federation".
5. Tasting sessions must comply with hygiene standards. The exhibitor must ensure proper waste disposal as well as keeping the stand and surrounding area clean.
6. In case of complaints from other exhibitors, the organizers reserve the right to terminate the cooking and food tasting.

### Trade at the exhibition

Any kind of trade, catering and consumer services on the territory of the exhibition can be carried out only with the written permission of the organizers of the exhibition and in accordance with the requirements of existing laws and other regulatory and legal acts regulating activities in the sphere of trade, public catering and consumer services.

### Deadlines

Please note that all forms for additional equipment or services submitted later on August 15 will be accepted subject to technical feasibility and with a surcharge of 50%, additional orders for equipment at the exhibition are subject to a surcharge of 100%.

### Equipped space

The construction of equipped spaces is provided by the organizers, Expo solutions group. Please make a note of the type of stand you have chosen and what equipment is included in the price. Refunds will not be provided for equipment not used. You can use the Exhibitor Manual to order various types A and C, or Individual construction of your space only stand.

To stabilize the stand it may be necessary to include additional supporting poles and beams or wall panels, which are not shown on your stand layout plan. These supports must be temporary removed due to the delivery of large exhibits to you, please contact the Technical dept.

### Security

General security for the pavilion is included in the cost of renting a stand space. It is recommended to have at least one member of your company at the stand at all times, from when the exhibition opens to when the hall is closed by the security team, to ensure the security of your exhibits and personal items (see Exhibition schedule).

The organizers and exhibition centre do not bear responsibility for any losses occurred from when the pavilion opens to when the hall is closed by the security team.

Within half an hour after the end of the official time of build-up by security, the hall is released from exhibitors and sealed until 09:00 in the morning of the next exhibition day, the exhibition hall is opened only in the presence of the organizers of the exhibition.

### Cleaning

General cleaning of the aisles will be carried out every morning prior to opening as well as the removal of small amounts of refuse, provided they are placed in plastic bags or cartons in front of the stand in the evening. To have individual daily cleaning for your stand, place an order using Form №6.

## PART 1. Information

### Custom stand building

If you want your stand to fully reflect your corporate identity, using original and interesting design solutions to demonstrate your products and services as effectively as possible, we can help you. Ordering a custom build stand will allow you to: save time, optimise your budget, and receive a full range of quality stand services from your personal manager.

Alexey Moroz

+7 (917) 501-27-98

a.moroz@rusfishexpo.com

### Please note!

All custom stand building at the exhibition «Seafood expo Russia» is carried out only through the exhibition management. The organizers guarantee the provision of construction services in full and at the agreed time.

### Build-up rules

During the build-up and dismantling in venue, the following actions are prohibited:

- use the services, equipment, facilities, non-accredited Exhibits of groups of organizations, attract staff of non-accredited companies;
- without coordinating with the organizers, place adhesive and other materials on walls, floors, columns, windows and doors, as well as on metal structures of ceilings of pavilions and other premises;
- fasten elements of stands to walls or floor;
- use stationary circular saws, surface grinders, chainsaws and other construction tools not equipped with a dust collector, and also conduct welding operations (open fire);
- 

- dismantle the elements of the dismantled structures and packaging containers (lumber, chipboard, fiberboard, plywood, etc.) in garbage containers for household waste owned by LLC "EF-International" (venue);
- It is forbidden to obstruct the passages between the stands with exhibits and equipment;
- Access to installation passes on the territory of the exhibition during its days is prohibited.
